IL NOSTRO OBIETTIVO

Con 8 anni di esperienza e oltre 100 immobili gestiti per conto di privati, società immobiliari e agenzie immobiliari, il nostro obiettivo è massimizzare la redditività degli immobili garantendo al tempo stesso una gestione efficiente, trasparente e senza pensieri per i proprietari.

Crediamo in collaborazioni solide e durature: il nostro obiettivo non è massimizzare il guadagno nel breve periodo, ma costruire relazioni di lungo termine con i proprietari, crescendo insieme nel tempo. Per questo applichiamo una percentuale di gestione equilibrata e spesso inferiore ai competitors, perché crediamo che una collaborazione sana debba essere sostenibile e vantaggiosa per entrambe le parti nel lungo periodo.

La casa di Sofia è meravigliosa! Ancora meglio che nelle foto:). È bene equipaggiata e offre letti molto confortevoli. Vicino a tutto, abbiamo potuto visitare molti posti in pochi giorni. Sofia è stata molto accogliente e ha risposto in tempi record alle mie domande. Lo consiglio molto questo posto.

We have enjoyed a lot staying at the Sofia's place in Alghero. First, the flat has a centre location next to public gardens and very close to bus stop (2 min) and city centre (5 min). Then its facing the backyard, although there is no beautiful view from the balcony but it's very peaceful and great for relax, also completely corresponds to the pictures published. The flat is spacious with a big and nice bedroom and kitchen/hall. You'll find everything you need for your stay, there is even a washing machine and umbrellas if you are going to the beach. The wifi was good and there was also a smart TV with Netflix/Amazon. The price was also great considering a late booking. To sum up, I would highly recommend Sofia's place for your stay (even long term) in Alghero.

You can stop your search! This place is absolutely gorgeous. It's centrally located with so many beautiful places within walking distance. East drive from Milan airport and super easy to visit Verona and Venice from here. The home is perfectly cleaned without one thing out of place. It was cleaner than many hotels. We were provided with the most detailed check in instructions which made us feel super comfortable. Alena was super responsive and helped us with every question and even stopped by for an issue we had so she could help us out. She made me feel like we had a friend we could turn to in case of emergency. There was plenty of parking for our large SUV. The black out shades in the bedrooms provided very comfortable sleep. We will stay here again for sure and have already highly recommended to our friends.

We had such a wonderful stay at Sofia's property, a truly stunning and private property that we couldn't have been happier to enjoy the first leg of our trip in. The property had everything you could want from a peaceful and (adequately) remote barn in the Tuscan countryside. We made good use of the back garden and lovely kitchen of an evening. There was also plenty of space for the pair of us, and we found our stay totally relaxing. With San Gimignano and Siena very close via either car or bus, we were never short of places to see! We would also like to extend a further thank you to Nadia for being incredibly helpful with any and all queries, and also very kindly picking us up on our arrival day when we were stuck! We highly recommend this beautiful barn and would love to return ourselves one day.
